0.8MM THICK INDUSTRIAL STEEL ROLLER SHUTTERS

SERIES 75 & SERIES 100 ROLLFORMED SLATS

Solid 75mm slats

Solid 100mm slats

The Mirage 0.8mm thick industrial steel roller shutters are available with 75mm or 100mm high profile slats, cater for the openings up to 6m wide and can provide enhanced security by using windlock clips and guides.

APPLICATIONS

Mirage steel roller shutters are widely used in loading docks, car park entries and storage areas in warehouses, factories, mining, schools, tertiary institutions, correctional centres, defence force facilities, police stations and courthouses.

The 0.8mm thick industrial steel roller shutters can be modified to meet with fulfill high security requirements.

The 0.8mm thick industrial steel roller shutters are suitable for light to medium duty application. For heavy duty application, please check out our 1.0mm thick industrial steel roller shutters.
